Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1163, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present? *Three Quarters.*In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{2}$, $\frac{2}{3}$, or total incapacity.25. Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1163, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1614, Pte. W.H. Adey.

With reference to our discussion yesterday (31/10/17): Adey was classed III, Employment, and is therefore not entitled to discharge under existing circumstances. It is true that he was boarded at Bermondsey Military Hospital on the 24/8/17 and he was not recommended for discharge but for employment. This information was imparted to your Unit on the 19/9/17 on Casualty advice No. 2373 from this Office.

The same remarks apply to another man on your strength, i.e., 2007, Pte. C. Foley.

The Officer Commanding has been asked for a ruling in these cases, please.

The first named was boarded out of the service being a T.B. Suspect. In the opinion of the Board this man should be sent home as soon as possible or a cold journey across the Atlantic may possibly light up his disease seriously.

Dear Madam:-

Referring to your application for Separation Allowance, I have been directed to inform you that it is absolutely necessary to have a Certificate signed by your Doctor, showing your husband's incapacity during the period that your son was serving, before your claim can be considered.

Yours truly,

St. John's,

Dear Sir:-

In reply to Mrs. Jessie L. Adey's letter, which you sent her on Sept. 17 th. I beg to say,

that it is impossible to furnish you with a Doctor's certificate for her husband certifying the incapacity during the period that her son was serving, because there is no doctor near to apply to at present but he applied to Dr. Anderson in May 1919, as you will see by the enclosed certificate.

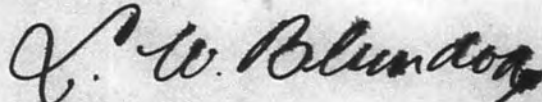

The reason of his not applying to a Doctor before that date was, he had to cross the Bay, and he did not feel strong enough to do so.

I may further add that William H. Adey ~~has~~ has depending on him, a father, mother, and a deaf and dumb sister, and he is indeed in need of such aid as his mother applied to you for some time ago.

Hoping Sir, you will comply with her request,

I am,

Sincerely yours

Math. Minister.

Dear Madam:-

Referring to your application for Separation Allowance, I have been directed to inform you that same cannot be granted.

The doctor reported that your husband was examined by him in May 1919, and that he advised him to discontinue work. It is presumed that he was working up to that date, and consequently you cannot be considered to have been totally dependent upon your son during his period of service.

Dear Madam:

Further representations have been made regarding your claim for Separation Allowance, and I beg to state that Dr. Chiholm called here on the 2nd. of this month, and spoke to me concerning your husband's condition. I told him, if he was in a position to certify that, during the period your son Wm. H. Adey was serving with the Royal Nfld.
