Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, viz. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

1. (a.) State whether the disability is clearly attributable to—

- (i.) Service during the present war;
- (ii.) Climate;
- (iii.) Ordinary military service;
- (iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or
- (v.) Whether it is constitutional or hereditary.

No

23. Is the disability permanent?

Yes

24. If not permanent, how soon do the Board recommend re-examination?

-

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:— 100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

100

26. If an operation was advised and declined, was the refusal unreasonable?

Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalidated, it is essential that the Minister of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) *The rates of pension vary directly according to whether the disability is, (A) caused or aggravated by service in the present war, (B) due to causes not connected with present war, via. (1) earlier active service, (2) climatic disease in pre-war service, (3) ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.*

(iv.) In answering question 21 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

21. (a.) State whether the disability is clearly attributable to— *Yes*

- (i.) Service during the present war; *Yes*
- (ii.) Climate; *—*
- (iii.) Ordinary military service; *—*
- (iv.) Want of proper care on the man's part, e.g., intemperance, misconduct, &c.; or *No*
- (v.) Whether it is constitutional or hereditary. *—*

(b.) If due to one of the first three of these causes, to what specific conditions do the Board attribute it? *G.S.W.*

22. Has the disability been aggravated by any of the conditions mentioned in Question 21, and if so, which? *No*

23. Is the disability permanent? *Yes*

24. If not permanent, how soon do the Board recommend re-examination? *—*

25. What is the degree of disablement at which, in the Board's opinion, he should be assessed for pension purposes at present?

Degrees of disablement should be expressed in the following percentages:— 100, 80, 70, 60, 50, 40, 30, 20, less than 20, or nil.

100%

26. If an operation was advised and declined, was the refusal unreasonable? *Yes 16*

(b) Change to England? *—*

28. If discharge is recommended it should be stated whether further medical treatment (including orthopaedic training) is desirable in a—

Dear Sir.

As regards of my recent interview with you, I am writing as you requested.

I have put my case before the Penisons Board but up to date of writing I have received no answer. You asked for a copy of the treatment which I received while abroad. I now enclose a letter given to me by the doctor whose patient I was which gives a full account of my treatment.

Hoping you will give my claim every attention I remain

Mr. George Chalker
Lake Side Ave

Dear Sir:-

With reference to your letter of Dec. 29th, I would state in reply that I have referred to the Board of Pension Commissioners with reference to this case, and I am informed that you undertook with them to pay cost of your own passage to and from the United Kingdom if they would arrange for your treatment while overseas. This apparently has been carried out, and I regret that I am unable to do anything in the matter of refunding you for the cost of your passage over and back.

This is a matter entirely under the jurisdiction of the Board of Pension Commissioners, and I would suggest that you take up the matter with them.

I am returning your letter herewith

Yours faithfully,

Lieut.-Col.,

Chief Staff Officer
