(ii) The rates of pension vary according to whether the disability is (a) caused or aggravated by service in the present war. (b) Due to causes not connected with the present war, viz., (1) Previous active service. (2) Climatic diseases in pre-war service. (3) Ordinary military service before the war. It is, therefore, essential when assigning the cause of a disability to differentiate between them.

23. Is the disability in a final stationary condition? If not

(a) How long is the present degree of disability likely to last?

(b) If the present degree of disability is not likely to last 12 months can a further assessment at a reduced rate be made with reasonable confidence to cover a period of 12 months in all? If so, the reduced percentage and the period to which it will be applicable should be indicated in the answer to Question 24.

14. State whether the disabilities are

| (v) Serious negligence or misconduct on the man's part | No | |

14 (a). If not due to any of these causes, to what specific condition do you attribute it? *n. a.*

In all cases such as facial injuries, eye, ear, nose and throat, disability, etc., a specialist's report is to be attached with radiographs where possible; and in cases of amputation the exact position should be stated.

15. What is his present condition? *Scar 6 ins. long by 1/2 in. wide extending from base to apex of isosceles triangle, result of operation w/d. made probing for shell fragment. Complaints of pain on pressure and tenderness of thigh down to knee.*
