It is noted that marginally noted recruits have been discharged by the Pay Office. They had been previously recommended by the Standing Medical Board for furlough, which was granted them by Depot, but later the Standing Medical Board reconsidered their decision and recommended them for discharge, while they were still on furlough, so that I had no opportunity of sending them to you in the regular way.

As a result, their accounts on Company Pay Sheets were not adjusted and a credit balance was brought forward for them at the end of August. These balances are now deleted from September Sheets. Will you please arrange to remit them the balances shown to their credit, less the number of days in August when they were off the strength.
