"Sir,"

I have two cousins from  
Newfoundland, fighting for the  
mother country in this war. I  
should be very thankful if you  
could send me what unit they

water as well as the other, this is  
their names <sup>583</sup> - Auster Tipple age 22  
and Thomas Tipple age 28.

The youngest has been fighting in

## Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

- 9. Date of origin of disability. 1. July 1916
- 10. Place of origin of disability. France / Somme
- 11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case. Admitted with trenching wound of forearm - X Ray. Showed fracture of upper end of ulna and olecranon and many metallic fragments. Saw mattress and severe movement. In Oct 1916. Under general anaesthetic - necrosed bone removed in St. James Hospital. There exists functional paralysis of the flexor Carpi radialis of fingers - there is median anaesthesia of whole hand
- 12. (a) Give your opinion as to the causation of the disability. In action
- (b) If you consider it to have been caused by active service, climate, or ordinary military service, explain the specific conditions to which you attribute it (See notes on page 3). G. S. W. (Thorpall)

13. What is his present condition?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

Wound is healed. There is functional muscular atony and flexor contraction of fingers. There is median anesthesia of whole of hand. The prognosis is very slow recovery probably not complete and he is not likely to have a useful hand within 6 months.

14. If the disability is an injury, was it caused

- (a) In action?
- (b) On field service?
- (c) On duty?
- (d) Off duty?

In action

15. Was a Court of Inquiry held on the injury?

- If so—(a) When?
- (b) Where?
- (c) Opinion?

16. Was an operation performed? If so, what?

Removal of sequestra and metal.

17. If not, was an operation advised and declined?

18. In case of loss or decay of teeth Is the loss of teeth the result of wounds, injury or disease, directly\* attributable to active service?

19. Do you recommend

- (a) Discharge as permanently unfit, or

## Opinion of the Medical Board.

NOTES.—(1) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to **enable them to decide upon the man's claim to pension.**

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165 Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

*Active Service*

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

*G.Slo.*

21. Has the disability been aggravated by

- (a) Intemperance? *Yes*  
 (b) Misconduct? *No*  
 (c) Any of the conditions mentioned in Question 20, and if so which? *✓*

22. Is the disability permanent?

*Yes*

23. If not permanent, what is its probable minimum duration?

*✓*

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

*Total at present*

In defining the extent of his inability to earn a livelihood, estimate it at  $\frac{1}{4}$ ,  $\frac{1}{2}$ ,  $\frac{3}{4}$ , or total incapacity.

24A. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Insurance Act?

*No*

25. If an operation was advised and declined, was the refusal unreasonable?

*no*

26. Do the Board recommend

- (a) Discharge as permanently unfit, or  
 (b) Change to England?

*Yes*
