To:- Casualty Officer.

2946. Pte. Wheeler

The Artificial Limb Expert will be at the General Hospital until the end of the month. If Wheeler reaches here by then he can be measured here for a limb.

I advise repatriating him in any case as the limbs provided here give better satisfaction.

Dear Major Timewell,

One of our Visitors has asked me if anything can be done to get 2946 Pte. A. Wheeler, who is in Ward A.2 at King George Hospital, moved to Wandsworth. Since the order has been made that all Newfoundlanders, who are fit to be moved from other hospitals, should be sent to Wandsworth Hospital, Wheeler has been extremely anxious to go there. He has been ill now for some time and our visitor seems to think that he is inclined to fret at being so long away from the majority of his comrades. She is of opinion that if he were moved there, it might have a very beneficial effect on his health and perhaps you could arrange with the Hospital Authorities that Wheeler might be transferred.

Yours faithfully, *S. Knox*  
Secretary.

It may be mentioned that Wheeler reported here last week and asked that as a special case he might return to his home by current opportunity. The disabilities of such action were explained to him, and the O.C. 3rd. London General Hospital referred to, and after other relative references to other institutions concerned in supplying and fitting limbs etc., you were telegraphed as indicated. Later this office was advised that Wheeler had decided to remain for fitting, the provisional passage for him was accordingly cancelled.

The Surgeon reports it would be best for the above named man (who reported at this Hospital this morning as an out-patient) to be fitted up with an artificial limb in Toronto, or to put off his departure from England for one month, as it would be impossible to fit him with an artificial limb from this Hospital in four days.

With reference to your memorandum (8715) of this date, and telephonic conversations with Major Fagan; as discussed, under the special circumstances, arrangements can be made for Wheeler's repatriation, by the next opportunity, (which is expected to occur about the 16th. inst. or a few days later); subject to the concurrence of the Minister of Militia to whom I have telegraphed.

As also suggested, it would be advisable for Wheeler to clearly understand any risks that he may be taking by leaving this Country without a permanent limb, and incidentally, he should sign a letter indemnifying those concerned, against any consequences. He should also be made to understand, that since it is not practicable to have an artificial limb sent to him, should he have to travel say to Canada, he will be confronted with winter weather, and will have to wait until it is over, please.

INSTRUCTIONS—This form is to be completed in the case of every discharged soldier whose claim to pension, on account of disability, is to be submitted for the consideration of the Pensions and Disabilities Board.

This section should be completed in the Hospital at which a man is attending at the time of his examination by a Medical Board, or, if the man is not in Hospital, by the Medical Officer of the Unit or Command Depot. The Soldier should be given a full opportunity of examining it, as, if awarded a pension, his subsequent identification depends on his confirming this declaration. The "Rank," "Station" and "Date" should be in his own handwriting.

The form will then be attached to the Proceedings of the man's Medical Board and will be forwarded to the O. i. c. Records together with the remainder of the man's documents.

Changes occurring in the description subsequent to the date of admission to pension should be noted in red ink.
